20. insert 47
21. insert 48
22. insert 49

How to turn in:

Please create a .pdf of the drawing. During class we demonstrated how to use overleaf to create these drawings. For this assignment you must turn in a latex created drawing. I highly recommend using overleaf. For github, ensure the file(s) are in your directory and then:

- \$ git add <files>
- \$ git commit
- \$ git push
